Chapter 1

General

1-1. Policy

The personnel management system and policies through which the CA SMR manages its soldiers and non-commissioned officers must have, as its end-state goal, enlisted personnel who are dedicated, competent, and aggressive leaders with high personal and professional morale and job satisfaction. Today's non-commissioned officer profession requires a strong professional military ethic, and maintaining such an environment must be a factor in command decisions needed to sustain the excellence of the quality and numbers of personnel within the enlisted ranks. Personnel actions prescribed herein will, as directed by the Equal Opportunity policy mandated by the Adjutant General, be made without regard to race, color, religion, gender, or national origin.

1-2. Relative Rank

Non-commissioned officers and enlisted soldiers of the CA SMR, when not on state active duty, rank among themselves according to the laws of the state. When members of the CA SMR enter state active duty, under any provision of state law, they will rank among other personnel of the California National Guard of the same grade who are also on state active duty, according to the provisions of the California Military and Veterans Code (CM&VC).

Chapter 2

Enlistments

2-1. General

This chapter establishes policy and procedures to be followed when enlisting personnel in the California State Military Reserve.

a. The primary mission of the California State Military Reserve is to provide the State of California an organized and disciplined state military force in the event of federal mobilization of the National Guard. To meet this mission, qualified candidates for enlistment are sought from the ranks of prior enlisted personnel of the national guard, reserve or regular components of the Armed Forces of the United States.

b. Recruitment of qualified individuals shall be the primary focus of CA SMR personnel responsible for, or connected with, processing applicants for enlistment. Enlistment eligibility will be determined by an individual's ability to meet all requirements outlined in this regulation. Applicants shall not be enlisted if any

doubts relative to their qualifications exist.

c. Recruiting personnel must examine all source documents for discernible evidence of tampering or alterations. Documents used to substantiate basic eligibility criteria will be legible, written in English, or officially translated to English. All source documents must be original or certified as an official copy of the original.

d. Enlistment in the California State Military Reserve will normally be for an indefinite period unless sooner terminated by change in job status, discharge or retirement.

e. All applicants for enlistment in the California State Military Reserve will sign an oath of allegiance to the State of California.

f. All applicants for enlistment are subject to a complete pre-enlistment security screening and clearance as a condition of enlistment in the California State Military Reserve.

2-2. Eligibility Criteria

a. To be eligible for enlistment in the CA SMR, an applicant must be between 18 and 60 years of age, be a citizen of the United States (or have declared intent to become a citizen) and reside in California. Prior service members seeking to enlist, who are over 60, may, upon written request and sufficient justification by the unit commander, be considered for a partial age-waiver based on their prior military service. Example: An individual 63 years old must have 3 years prior active or reserve service to qualify for enlistment.

b. Aliens who have made legal declaration to become citizens of the United States must present a U.S. Department of Justice Immigration and Naturalization Form N-315, authenticated by a Federal District Court officer.

c. Applicants without prior military service but who have specialized skills and education that are of direct benefit to the unit's support mission, may be enlisted with the approval of Headquarters, CA SMR. These individuals must fill a specific TDA vacancy which will assist materially in the accomplishment of the CA SMR mission of providing direct support to the California National Guard.

d. Applicants must have demonstrated understanding and proficiency in the English language and must be a high school graduate, or have passed the General Education Development Test.
